

PRODUCT SPECIFICATION

Product : **Erythromycin Thiocyanate**

Description : white or kind of white crystals or crystalline powder;
odourless, bitter taste: slightly hygroscopicity.

Solubility: : freely soluble in Methanol and Ethanol;
slightly soluble in Water or Chloroform

Identification : 1) positive
2) positive
3) positive

Loss on drying : $\leq 6.0 \%$

Residue on ignition : $\leq 1.0 \%$

Potency : $\geq 750 \text{ u/mg (dry)}$

MSDS : available upon request
